Dear Jabez:

Your program was a huge success! The fact that you took the time to meet with firms individually shows true caring and dedication, not only your work, but to those attending your programs for information and understanding. They will always remember you for that.

The evaluations from your presentation were very positive. You got some very good comments and I hope to have you up here again soon!

Here are just a few highlights:

- It was awesome to have Jabez available the day prior to meet with a limited number of offices. Great new approach. Hands down, this was not only the best Ethics CLE I've ever attended, but the best CLE in general. He was awesome!
- Very timely and interactive
- Most valuable CLE to have attended. Thank you

I am very happy to recommend you to other Bar Associations and organizations as a dynamic speaker and educator. I also look forward to working with you again in the future.

Sincerely,

Holly Rhoden
